

Geologist Danny

Level E / 75 words / fiction

High frequency words:

and, big, it, on, put, you

Before reading

- Look at the cover and read the title.
- Possible discussion questions: "What do you think Danny has in his orange bucket? The word *geologist* is the scientific word for a person who studies the earth and its rocks (*geo* is Greek for earth + *logy* means the study of)."

Look through all the pictures

- Using the language in the story, discuss each photograph in the book. Notice details in the pictures and use that information to better understand the text.
- Help the children find any tricky words in the text: *geologist*, *scientist*, and *bucket*. Discuss meaning, word structure, and sounds you expect to hear in those words. Have children clap and count the syllables.

Reading the text

- Have the children read the text independently. While they're reading, listen to each student and prompt them to use meaning, structure, and visual information to monitor and self-correct reading.
- Children should be able to read without using their finger to track words, except at point of difficulty.

After reading

- Discuss the meaning, structure, and letter cues that you notice students using correctly.
- **Literal comprehension:** The answers are in the text. Ask, "What color is the biggest rock? How many rocks does Danny put in his bucket?" Have the students read the page that supports each answer.

- **Inferential comprehension:** The answers are in your head. Ask, "What other colors might rocks be? What do you think is under the rocks on page 15?"

Word work

- Have the students locate the high-frequency words in the text and practice writing them.
- Help the students locate the word *bucket* with the *et* ending. Discuss other words that end this way (*rocket*, *basket*, and *helmet*).
- Find and discuss the words with the /ck/ phoneme: *rock*, *pick*, *black*, and *bucket*. Using magnetic letters, make other words with the same sound (*clock*, *sick*, *pack*, *racket*).

Rereading for fluency

- Have the child(ren) read the story again aloud, listening for phrased, fluent oral reading that includes appropriate pausing and intonation.
- Reread to solve words or think about ideas, then resume a good rate of reading.

Writing activity

- Have the students write and complete the following sentence: "Danny picks up a _____ and puts it in his _____." Then have them draw a picture that corresponds to what they have written.

FUN FACT

One of the largest collections of rocks and gemstones in the world is at the Smithsonian Museum of Natural History in Washington, D.C. It houses nearly 10,000 gems and 350,000 mineral specimens.

Teaching Points: Introducing new words; Finding and clapping multisyllabic words; Noticing the *et* ending; Practicing the /ck/ phoneme; Rereading.
