

Lions at the Zoo

Level I / 163 words / informational

High frequency words: around, both, every, long, only

Before reading

- Look at the cover and read the title. Call attention to the informational text features within the text: bold words, glossary, photographs.
- Possible discussion questions: "Where have you seen a lion? What do you know about lions?"

Look through all the pictures

- Using the language in the story, discuss each photograph in the book. Notice details in the pictures and use that information to better understand the text.
- Help the children find any tricky words in the text: female, lioness, signal, wherever, and whisker. Discuss meaning, word structure, and sounds you expect to hear in those words.

Reading the text

- Have the children read the text independently. While they're reading, listen to and prompt each student to use meaning, structure, and visual information to figure out words, self-correct, or improve expression.
- Introduce and discuss graphic organizers. A graphic organizer provides a visual representation of information, concepts, or ideas to help children understand and organize what they are reading.

FUN FACT

When lions breed with tigers, the resulting animals are known as *ligers* or *tigons*. There are also lion and leopard hybrids known as *leopons* and lion and jaguar hybrids known as *jaglions*.

After reading

- Discuss the meaning, structure, and letter cues that you notice students using correctly.
- Literal comprehension: The answers are in the text. Ask, "How is a female lion different from a male lion? Why do lions have whiskers?" Have students read the pages that support their answers.
- Inferential comprehension: The answers are in your head. Ask, "Why do you think the lion cub stays close to the mother lioness? Why do you think the sound of a lion's roar can be heard up to five miles away? What did you learn that you didn't know before about lions?"

Word work

- Have the students locate the high-frequency words in the text and practice writing them.
- Find and practice the words with the CVCe pattern: male, mane, and pride.
- Point out the pr onset in the word pride. Using magnetic letters, create other words with the pr beginning sound (prune, print, proud, pry).

Rereading for fluency

• Have the child(ren) read the story again aloud, listening for phrased, fluent oral reading that includes appropriate pausing, intonation, and word stress.

Writing activity

• Have each student create a web diagram graphic organizer for lions. A web diagram is often used to list ideas, facts, characteristics and/or traits related to a single topic. Have them read their web diagrams to each other.

Teaching Points: Introducing nonfiction/informational texts; Introducing new words; Practicing words with the CVCe pattern; Practicing the *pr* onset; Rereading; Introducing the web diagram graphic organizer.
