# Cut and Paste Activity

August 2019 **Calendar Activity**

Find the August birthdays, cut out the picture that goes with each, and paste it on their special day on the calendar.

**4** The 44th President of the United States of America, Barack Obama, was born August 4, 1961. Former President Obama is the first African-American man to be elected president. Prior to his 8 years in the White House, he served as a senator in Illinois. He has also written two best-selling books for adults, as well as a children's book, **Of Thee I Sing**.

**5** Ohio is proud to claim Neil Armstrong as a native son, born August 5, 1930 in Wapakoneta, Ohio. Working as an engineer and test pilot with NASA, Armstrong officially became an astronaut in 1962. He was the spacecraft commander of the Apollo 11 mission and the first man to walk on the moon.

**13** Another famous Ohioan, Annie Oakley was born August 13, 1860. An excellent markswoman, Oakley won her first competition when she was only 15 years old. Her sharp-shooting skills made her a celebrity. Oakley joined Buffalo Bill's Wild West Show, traveling around the country and to England and Europe where she performed for royalty and the heads of state. She impressed Chief Sitting Bull with her skills. He nicknamed the 5-foot-tall Annie "Little Sure Shot."

**19** Ohio license plates say "Birthplace of Aviation" because of astronauts Neil Armstrong and John Glenn, and also aviation pioneer Orville Wright, who was born August 19, 1871 in Dayton, Ohio. In 1903 Orville and his brother, Wilbur Wright, invented and successfully flew the first powered and controllable airplane.

**30** Mary Wollstonecraft Shelley was born August 30, 1797 in England. **Frankenstein** is Shelley's most famous book. The gothic horror novel birthed Dr. Frankenstein's monster which has continued as a popular Halloween figure, often cartoonized with a green face and bolts in his neck.
