

With a piece of cardboard, glue, and some dried beans (or other dried pasta), create your own work of art!

1. With a pencil or crayon, draw a simple shape or figure on the cardboard.
2. Paint glue in a small portion of the design.
3. Place beans of different colors or shapes in the portion with glue.
4. Repeat for the entire picture.
5. Let your masterpiece dry. Reminder, once the beans have been glued to the cardboard, they are no longer edible. Do not eat your art.
