The Yard

red	yellow	Move 1 space forward.	blue	red	yellow
-----	--------	-----------------------	------	-----	--------

Fell asleep under a tree. Move 2 spaces back.

The Adventures of Super Danny and Bat-Bee Study Game

To prepare the game:

1. Gather supplies: scissors; crayons or colored pencils in red, yellow, and blue; clear tape or glue; cardstock (optional); contact paper (optional).
2. Cut out the dice below following the thicker black lines. Fold along the black lines, keeping the numbers to the outside. Place glue on the gray sections or secure the edges with tape to create a dice that can roll. Print on heavy paper or cardstock to make a sturdier dice (optional).
3. Cut out the game pieces below. Glue or tape them to a piece of cardboard, or print them onto heavy paper or cardstock. To make the game pieces stand up, interlock the top piece to the base by connecting the slits like an X. Place the game pieces at **The Yard** on the game board.
4. Using crayons, color the back sides of the question card sheets. The red cards are **True or False**, the yellow cards are **Comprehension Questions**, and the blue cards are **Just For Fun**. Then, cut them out and stack the cards into three piles according to color. Laminate cards with clear contact paper to make longer-lasting cards (optional).
5. Color the game board squares.

To play the game:

1. This game is for two players. The object is to be the first player to reach **Home**.
2. The youngest player goes first. Play alternates between the two players throughout the game.
3. Beginning at **The Yard** on the game board, the first player rolls the dice and moves their game piece the rolled number of spaces. If the player lands on a colored space, the other player reads them a question from one of the matching colored cards. The player must answer a question correctly in order to stay on that space. If the player answers incorrectly, they must go back to their previous spot on the game board and the second player takes their turn.
4. During play, watch out for **Move** spaces. Each one will ask the player to move forward or back spaces before answering the question.
5. Play continues until a player travels the entire adventure and makes it **Home**.

Color the back of this section of paper red. Then, cut along the dotted lines to make the red cards.

true or false	true or false	true or false
Danny and Bee saw a snake when they were walking home.	Danny saw three blue eggs in the nest on the deck.	Danny puts on a red cape, red socks, and a black belt to become Super Danny.
— — — — —	— — — — —	— — — — —
true or false	true or false	true or false
Bee gets stuck in the hole with the groundhog.	Bee takes too long to make his checkers move.	Bee carefully puts the egg on a little red pillow and brings it back to the nest.

Color the back of this section of paper yellow. Then, cut along the dotted lines to make the yellow cards.

What game are Danny and Bee playing in the grass?	What did Bee put on to become Bat-Bee?	Why did Danny send Bee down into the groundhog's hole?
checkers	a black cape, a yellow belt, and a mask made of black duct tape	Because he thought the groundhog was stuck and Bee was small enough to fit into the hole to check.
— — — — —	— — — — —	— — — — —
Where did Danny and Bee find the speckled egg nest?	Why did Danny and Bee want to save the kitty cat?	How did Danny know that the speckled egg had not fallen from the tall, tall trees?
In the pine trees across the yard.	They thought it was going to get stuck on a limb up high in the tree.	Because the egg was not cracked.

Color the back of this section of paper blue. Then, cut along the dotted lines to make the blue cards.

Can you sing Super Danny and Bat-Bee's Celebration Song?	Can you name a type of dog that begins with the letter D ?	What color are the checkers in a traditional game of checkers?
Hip hip hooray! Hip hip hooray! Danny and Bee have saved the day!	Dalmation, Dachshund, or Doberman Pinscher	black and red
— — — — —	— — — — —	— — — — —
Name a type of bird that lays blue eggs.	What colors are Super Danny's goggles?	Why do you think that cats climb trees?
American Robin, House Finch, Starling, or Bluebird	red and black	Cats like to nap in trees and sometimes chase other animals up into trees.

The Adventures of Super Danny and Bat-Bee Comprehension Questions

Here is a list of questions to check comprehension and understanding of the story, divided into chapter sections. There are several ways to use these questions and you can pick what works best for you and your child:

- Discuss and answer the questions together
- Act out what is happening in the story
- Use finger puppets or stuffed animals to retell the story or answer the questions
- Pick your favorite five questions and write out the answers in complete sentences on another sheet of paper or on the back of this paper
- Create your own cards for the **Study Game** using some of these questions and answers

The Cat

1. What game are Danny and Bee playing?
2. Why do Danny and Bee quickly run into the house?
3. On page 15, Danny sings a celebration song. Why is he celebrating?
4. Look at the picture of Danny and Bee on page 7. Why do you think Danny helps Bee move the checker piece?
5. Did Danny and Bee really rescue the cat? Explain.

The Groundhog

6. Why does Danny tell Bee to go down into the groundhog's hole?
7. What happens to Bee?
8. Danny claims that the groundhog is stuck in the hole. Why do you think the groundhog is in the hole?
9. On page 27, Danny sings a celebration song. Why is he celebrating?
10. Did Danny and Bee really help the groundhog? Explain.

The Little Speckled Egg

11. On page 29, Danny finds a little speckled egg in the grass. What does he tell Bee that they should do?
12. Where does Danny find a nest with little blue eggs? Where does he find the nest with speckled eggs?
13. Why did Bee walk slowly with the egg? Why did they place it carefully in the nest?
14. On page 39, Danny sings a celebration song. Why is he celebrating?
15. Did Danny and Bee really help the speckled egg? Explain.
